Puzzlemania

Try these puzzles with your family and friends

Q1. You have two coins that total fifteen cents. One of them is not a dime. How is that possible?

Q2. Who is this? If it's not my sister or my brother, but it's still a child of my mother.

Q3. What is the beginning of eternity, the end of time and space, the beginning of every end, and the end of every race?

Q4. What am I? I have ears but I can't hear.

Can you find these words in the Puzzle? You can go any way. Horizontally, vertically, diagonally and even backwards!

S	S	E	F	I	O	Z	C	F	W	G	E
